Dr. Helmut Rothenberger Holding GmbH of Salzburg takes over the RöhM group of companies of Sontheim an der Brenz effective 18.09.2017.

The German traditional company, RöhM, founded in 1909, is one of the world's leading clamping device and drill chuck manufacturers with annual business volume of 144 million euro and more than 1,400 employees, and with its own sales and manufacturing sites in the most important countries of the tool and machine tool industries.

Mr Norbert Roos, representative of the RöhM family in the 4th generation states, "We are pleased to have found a dependable and competent buyer in the family-run Dr. Helmut Rothenberger Holding GmbH group of companies, as a guarantee for further successful development and continuation of the RöhM Group."

Dr. Helmut Rothenberger indicates here, "The traditional company RöhM provides a good basis in order to keep up with the requirements of Industry 4.0 with regard to energy savings and networked clamping and gripping systems for the machine tool and robot industries." RöhM has stood for the highest quality and precision products that are "Made in Germany" for 108 years.

Dr. Helmut Rothenberger Holding GmbH (www.rothenberger-holding.com) is a family-run group of companies in the business areas of pipe tools, environmental technology, machine tools, trade and real estate.
